RESIDENTIAL

security & surveillance

SMART HOME SECURITY ☐

A modern security system should be the basis of any smart home. If you're new to automated home technology, this is the place to start. We offer free on-site consultations to determine the best solutions for your home.

VIDEO SURVEILLANCE ☐

Experience 24/7 monitoring and real-time alerts, ensuring your property is always protected. Keep an eye on your home from anywhere wtih high-definition cameras, night vision capabilities, and remote access via smartphone.

a la carte security services

APP CONTROL WITH AUTOMATION ☐

Lights, locks, thermostats, and single video doorbell.

VIDEO MONITORING ☐

Up to four cameras, 3,000 recorded clips.

ADDITIONAL VIDEO ☐

Four additional cameras, 5,000 clips of extra video storage.

livewire

automation & theater rooms

HOME NETWORKING ☐

Set the mood with lighting, stream shows, movies, and music, set the temperature to your liking, or just surf the web with a reliable and strong network that's properly installed and configured for your home.

DISTRIBUTED A/V ☐

Share your music sources anywhere, inside or outside, with a whole-home audio system. It's easier than ever to manage and enjoy your music; volume knobs and remote stacks are out, touch panels, keypads, and smart devices are in.

HOME THEATER ☐

When we design and install, we create all the elements you'd find at a movie theater. Everything from visuals to audio, even reclined seating. Lighting sets the stage. Whether you're starting from scratch, in the process of remodeling, or retrofitting an existing room, our specialists make any space into the ultimate entertainment experience.

in-home support

INVISION MONITORING ☐

Tech is great when it works, but problems are sure to pop up. Our Invision service protects you from issues before they happen. Often repairs can happen remotely. We offer a monthly subscription to keep you rocking.

lighting & window treatments

LIGHTING DESIGN & INTEGRATION ☐

We consider your lifestyle, budget, and architecture to craft the perfect lighting experience for every room, transforming the way your home is automated and controlled.

LIGHTING CONTROL ☐

Take control of your home's lighting with smart automation systems that are scalable and completely customizable.

PERFORMANCE FIXTURES ☐

Create the ideal ambience with performance lighting fixtures or circadian lighting.

AUTOMATED DRAPERY ☐

Control natural light and privacy in your home with motorized window treatments.

OUTDOOR LIGHTING ☐

Highlight landscape features, illuminate pathways, provide added security, or brighten your patio for relaxing evenings outdoors. Take full control of how your home looks after dark.
